Special District
Leadership Academy Conference

### BOARD & STAFF LEARN TO WORK AS A TEAM.

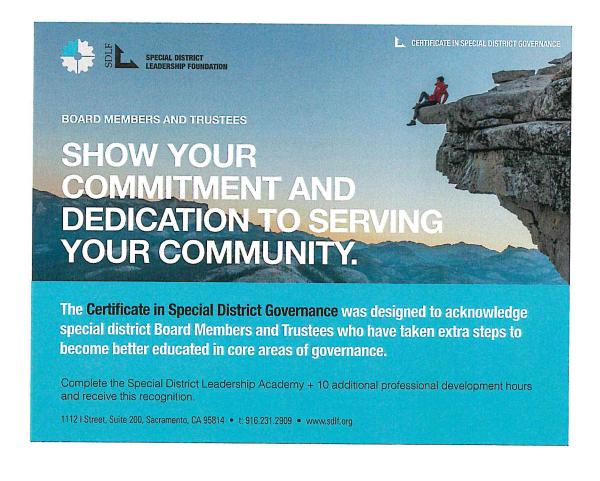

Participate in the **Special District Leadership Academy Conference** and complete all four modules of the
Academy during the course of two and a half days.

This conference content is based on CSDA's Special District Leadership Academy (SDLA) groundbreaking, curriculum-based continuing education program, which recognizes the necessity for the board and general manager to work closely toward a common goal. SDLA provides the knowledge base to perform essential governance responsibilities and is designed for both new and experienced special district board members.

"This conference was very informative and presented well. Each presenter was very knowledgeable on the subject matter. I feel this training should be mandatory for all special district board members and GM's."

Scott Frick,

Scott Valley Fire Protection District

# ATTEND CSDA'S SPECIAL DISTRICT LEADERSHIP ACADEMY CONFERENCE

Local boards are the reason why local control is local. Special district boards are the voices of the community, and they are also a large reason why special districts exist.

The truth is that every elected or appointed public official needs to worry about governance; governance is what boards do. It's what they bring to the table.

Governance is taking the wishes, needs, and desires of the community and transforming them into policies that govern the district.

Whether you're new to the board, or someone who has served for many years, this conference provides essential tools and information to effectively govern your district!

#### Attendees will learn:

- Teamwork: The roles of the board and staff in your district.
- Attributes and characteristics of highly effective boards.
- How culture, norms, values, and operating styles influence the district.
- Specific jobs the board must perform.
- How individual values, skills, and knowledge help to shape how effective boards operate.
- The importance of moving from "I" to "we" as the governance team.
- The board's role in setting direction for the district.
- The board's role in finance and fiscal accountability.
- · And much more!

### **SDRMA Credit Incentive Points**

Special District Risk Management Authority (SDRMA) is committed to establishing a strategic partnership with our members to provide maximum protection, help control losses, and positively impact the overall cost of property/liability and workers' compensation coverage through the Credit Incentive Program. Credit incentive points can be earned based on an agency's attendance at the Special District Leadership Academy Conference, reducing SDRMA member's annual contribution amount.

Cell Phone Tower Lease on WWTP Property

**Recommendation:** Discussion/Update Only

### **Background:**

The property at the WWTP (APN# 066-010-027) being considered for a cell tower is approximately 23 acres. The county zoning code is PS (Public Service) and with approval of an Administration Use Permit can be used for telecommunication facilities.

Staff submitted a property evaluation inquiry to Verizon Wireless for consideration on June 16, 2023.

Design criteria for property evaluation for a land tower site:

- Should provide a leased area approximately 100' x 100'
- Should be no more than 100 to 500 feet from a paved public street.
- · Property should be within a zoning classification that allows communication structures.
- Must provide 24-hour access, 7 days a week, 365 days a year to all portions of the facility.

The evaluation inquiry process will be reviewed by real estate, construction, and radio frequency engineers for viability. Verizon will only contact property owners with properties that meet their current needs.
